28 WINTER STREET!
VERY, VERY CHEAP!
FOR SALE AT
ADAMS'
WAREROOMS,
(Removed from Washington Street.)
Owing to the continual demand all through the past season for their peculiarly easy fitting CORSETS they have been induced to order largely, and would now offer the French, English, and German Corsets at unprecedented low prices, together with all the beautiful varieties of MRS ADAMS own French made Bodices, which are now too well known and appreciated to need comment. It being the intention of Mrs A. to sell all the Corsets that are to be sold in Boston this spring, owing to the prices, she would beg that ladies will bear in mind that 28 Winter Street is the only place where Mrs. Adams is to be found, it being the impression with some persons that she still has a store, or Corset Wareroom, in her old neighborhood. Her desire is to guard her customers from such a mistake.
Inquire of the Boston or New York Customers who is the most extensive Importer of Corsets in the States. They will tell you, GEO W ADAMS, of 28 Winter Street.—This establishment is conducted on most liberally low price principles; and is at all times posted and amply supplied with every style of Bodice, Jacket, or Corset in vogue. One or the other of this House is in Europe continually during the manufacturing and shipping the goods to this country—these facilities affording the means to sell much less than others in the business, together with a determination to keep the lead by disposing of both low and high priced goods at a very fraction of profit. It is well known that Mrs. Adams has long been at the head of her profession having had during thirty years, much experience and opportunity for cultivating business talent in the best French and English schools; also she being the first woman patentee in America. The celebrated ADAMS' PATENT ABDOMINAL SUPPORTER, so justly pronounced by Sir Ashley Cooper and Sir James Clarke as the cleverest thing of its kind, is her own invention.—Those in need of this article will please make personal application as above.
For sale the FRENCH PATENT WERLEY CORSET, of the Boston Agent, as above.
Dealers can be supplied with Mrs. Adams' French Busts, for the exhibition of Corsets. They may also be furnished with her French metallic cuts, for advertising.

JESUITISM!
THE CATHOLIC LETTERS,
Addressed to a Young Kinsman, about to Join the Church of Rome.
BY E HASKETT DERBY, ESQ.
In one volume, 12mo.——Price 75 cents.
These Letters covering the whole Catholic question, are without doubt, the most able and learned resume of this subject ever given to the world.
The arguments and the conclusions are masterly and irresistable and strange as it may seem for an eminent lawyer to leave Blackstone and Coke and, for a time, bend the whole energies of his mind, with that keen sagacity peculiar to the legal profession, to an exhausting research among the tomes of the Fathers of Theology; still, the service which he has rendered to the cause of truth, and the fact that his labors resulted in changing the life course of a beloved kinsman, who would otherwise have joined the Church of Rome, will ever be a cause for gratitude.
One of the merits of the work is a spirited review of Bunsen, Howson, Conybeare, Milner and other modern writers, and a well-digested argument on the planting of the Church in Britain by St. Paul before the Roman Pontificate was founded.
Rev Dr Peabody, in a note to Mr. Derby after a careful reading of proof-sheets, uses the following language: "Your main argument, it seems to me, is to the point, and overwhelmingly conclusive. I hope, and do not doubt that it will do much good, while it is honorable to yourself, both as a parent and a scholar."
We believe this work is destined to become
A TEXT BOOK FOR PROTESTANTS.
A vade mecum of unanswerable arguments against the falsehoods of Romanism.

WHALEBONE SKIRTS.
THE only object of a Whalebone Skirt is to give a proper graceful and elegant form to a lady's dress. Unless this is accomplished, the article is entirely worthless. The Ladies, by referring to Frank Leslie's Gazette of Fashion for April, will notice that E & J HOLMES have, from actual experience been successful in producing this most desirable article, and that their IMPROVED SEAMLESS SKIRT meets the unanimous approbation of the ladies. They are light, pliable, and easily adjusted, and the only Skirt which is equally adapted to the parlor, the street and the crowd, are made in one piece or breadth, and in our opinion and in the opinion of thousands of ladies who have bought them, the most reliable goods of this kind in the market. We were the first to introduce a Whalebone Skirt, and from our experience in the manufacture and retail of these goods, we have found that all kinds of cotton cord, and nearly all kinds of cord and all starched goods cannot be used satisfactorily, as they will not recover their place when pressed out of shape. We consider all
WHALEBONE SKIRTS
as worthless, of whatever material made, unless there is something of sufficient stiffness and elasticity, and at the same time yielding and pliable, to keep the dress in proper shape below the bones. To accomplish this we have our cord made under our own direction and expressly for our goods and from the only material that can be used that will recover its proper place when pressed out of shape, and are so twisted in manufacturing that they will not roll or curl when wet, and warranted to wash without injury. The public are cautioned against all worthless goods, as the market, since our goods have become popular and extensively known, has been flooded with goods of all kinds, and put together without form or comeliness, or any other object but to sell, and of course are called Whalebone Skirts. Some imitators, in their efforts to profit by our reputation, have gone so far as to copy almost exactly our trade mark upon their goods.
PLEASE NOTICE.—Every genuine article stamped "E & J Holmes' Improved Seamless Whalebone Skirt," and may be found by the trade in many of the largest Jobbing Houses in New York and Boston, and at retail in the principal Dry Goods stores.

BALTIMORE, Jan. 8, 1856.
Messrs. C & J Marshall—Gentlemen: At the request of your Agent in Baltimore, in regard to our opinion and experience of your copper-coated spikes, we, without hesitation, say we believe them the best substitute for copper yet introduced, and better fastening for ships, inasmuch as you have the strength of iron with the preservative qualities of copper.
We have used some of your Spikes in old vessels as a substitute for copper, and have had occasion to draw them out a year afterwards, and found them with the coating as firm as when they were driven, and with no appearance of oxidation.
Very respectfully yours,

National Republican Nominations.

FOR PRESIDENT

JOHN C. FREMONT.

FOR VICE PRESIDENT.

WILLIAM L. DAYTON,

OF NEW JERSEY.

The People must be Subdued.

He also informed us that the President had declared the territorial laws legal, and must be enforced, which would certainly be done, The dragoons had orders to enforce them, and he should obey all orders received from Washington —*Col Sumner's Statement to Citizens of Lawrence*

The Republican State Convention.

The time for the meeting of this Convention is now close at hand, and our friends in the various towns should take prompt action to be fully represented. Let men of prudence and wisdom, as well as of patriotic zeal, be sent to that Convention ! The call is broad enough to embrace every one who repudiates the action, the platform and the candidates of the false democratic party—and we hope all such will take part with the Republicans in selecting delegates to the Convention When our glorious national ticket was nominated we stated our belief that Maine would give that ticket ten thousand majority. We have already seen cause to change those figures. During the few days which have since elapsed the uniform reports from all quarters of the State both from public and private sources, show that men are leaving the pro-slavery democracy by scores, in every school district, and our opinion now is that nothing but an overruling Providence can prevent the Republican National ticket from receiving *from fifteen to twenty thousand* majority in Maine and as we believe that Providence is on the side of human freedom, of right, and of American liberty, we ask our opponents to make a note of the prediction

The State election is to be first carried, however, and it will be carried by an immense majority " But to that end there should be good nominations both general and local Let the State Convention, which is first in order be fully attended, and we have no doubt its nominations will be made with the same wisdom, prudence and patriotism which so eminently characterised our National Convention

The Portland Advertiser has the following among other remarks upon this subject

The glorious stand of such Democrats as Hamlin and Morrill, the hearty response which we know to be made to the Philadelphia Convention by prominent old line Whigs, and the general enthusiasm felt for the RIGHT throughout the State, from Kittery to Calais abundantly indicate that Maine will roll up a tremendous majority for freedom.

Nor can we doubt that the same influences, with kindred incitements of a local natural will give a glorious success to the Convention now called, and to the Gubernatorial candidate whom it shall present The importance of that September election cannot be overestimated —for while it will redeem the State from an injurious administration, it will serve as a stepping stone to a national victory We trust, therefore, that every town will take early measures to secure a good and full delegation to the Convention

The new Free Will Baptist Church Edifice, soon to be commenced on Essex St. near State St. is to be 50 by 72 feet, with a rear projection 8 by 14, Front Projection 12 by 22 which is crowned with a balustrade and upon which rests the tower running up 140 feet., The front of the projection decorated with columns with attic bases and Ionic capitals—windows semi-circular-headed and neatly finished In the basement which is wholly above ground, there is a large vestry and two committee rooms, all 12 feet in story The auditory has an arched ceiling 29 feet in height with the arch resting upon a heavy cornice It has 80 circular pews trimmed in Black Walnut. The whole is of the Roman order beautifully carried out. The tower is octagonal from its base to its top

The work is to be done by the day, by Messrs Fogg & Benson, and the whole cost of the building is estimated in the neighborhood of $10,000

The weather for some time past has been warm, and vegetation has progressed rapidly. The grass crop of Maine must be large, and grain is looking well in this region.

At Syracuse, last week, the Indians received their yearly instalment from the State. One old "native" presented himself and squaw, and seventeen children. His share, at $6 per head, was $96, and as he received his portion, he remarked, "Ms get hundred dollars next year."

What the Republican Party contends for! The True Fire of the Flint.

On the evening prior to the assembling of the Republican Convention at Philadelphia, there was a grand Free State rally at National Hall, at which speeches were made which give the friends of Freedom a foretaste of the spirited fight we are entering into Said John A. Wells, of California

Go back to original principles. Go down, as we say in California, to the "bed rock," and start there Wipe out the old dynasty of tyranny, and start upon the new and original principle Get back, if you can, upon the old "bed rock" of the ordinance of '87 [Continued applause] To change the figure, get the ship of state, if you can, upon the old, original tack—in behalf of freedom.—Make freedom national, and slavery sectional. Tolerate slavery where it is, as many a nuisance has to be tolerated, but do not give it power to control, to govern, to wreck the great experiment of free government on the Continent of America. [Loud cheers.]

The issue is a single one, and a great one—The despotic experiment has been and is to find out how much the North will bear, and it becomes the friends of freedom, at this crisis, without reference to past political connections, to unite as one man for the common defence—We have the universal strength, all we want is the union—the fusion. As it has been expressed, "Union for the sake of Freedom," and as I believe before God, "Freedom for the sake of the Union [Cheers.] Without the triumph of free principles the Union is a failure, and must be abandoned As I said years ago, the anti slavery men who seek to restrict the Slave power, are the truest and best friends of the Union

We must assimilate our interests, because identified as a people and homogeneous in our institutional sentiments and character. The effect of slavery is to build up an aristocracy, elevating the few by plundering and debasing the many, establishing an idle, wealthy class by the degradation of labor. Freedom, on the other hand, tends to elevate man in the social scale, recognising all his natural rights in accordance with the legitimate object of government, the greatest good of the greatest number. Here you have the chart of freedom and the chart of slavery Increase the element of slavery and you necessarily increase the element of discord Although by compromises you may temporize with the difficulties of government, it turns out at last to be only political quackery. Compromises have given the political quack doctors some temporary fame, but they have ended only in disappointment.

There are but two ways in which this Union can be preserved We must all become slave States, and then our interests will be one and the same, or we must all, either immediately or prospectively, become free States, and in this way our interests will become identical—[Cheers] The true policy, with a view to the harmonious administration of government, and the preservation of the Union, is to limit and restrain the exceptional element, which has got to be the master, and that is the grand object of this campaign We must repudiate the false philosophy of government which has lately been sprung upon us.

Time was when the sovereignty of the General Government in the territories of the United States was admitted by all, questioned by none In the old articles of confederation there was a clause, no doubt originated by the "strict construction" school of that day, that no power was to be exercised by the confederacy except such as was expressly given There was no provision made for territorial legislation, yet the ordinance of '87 was passed, prohibiting Slavery in all the territories then belonging to the United States, and one of the first acts of the first Congress organized under the Constitution, was the re-enactment of that ordinance

The power to make all needful rules and regulations for the territories covers the case under the Constitution; but the Latter Day Saints—the American prophets of Democracy—have now discovered that the ordinance of 1787, the act of Congress re-affirming it, and all the legislation on the subject down to the Missouri Compromise, was unconstitutional What we have to do is to dig up the ordinance of '87 and re establish the doctrine of the sovereignty of the nation in the territories of the nation [Applause]

We must first establish the principle, and then apply it, to prohibit not only Slavery, but polygamy in all the territories of the United States [Cheers]

As a Californian as a Pennsylvanian, and as a citizen of the Union, I am not satisfied to limit this controversy to the question of slavery What power or right to suppress polygamy can these political discoverers show me, that does not apply as well to suppress slavery ? Polygamy and slavery must be put in the same basket and drowned together. [Laughter and applause]

Gentlemen, we want, as a further guarantee of the Union, a bond of connection between the Atlantic and the Pacific [Cheers] We want the Pacific Railroad as a material guarantee of the continued existence of the glory and prosperity of our Union. I will say further, that bond must have a central, not a southern locality [Applause]

These are the great ends to be accomplished And if, after all we have submitted to, there is not pluck enough, manhood enough, love of freedom enough in the North if we cannot be knocked into an attitude of resistance, if in view of past and present wrongs, in view of our superior numbers, wealth, intelligence, our superiority in everything but pluck, if we cannot beat, not the South, gentlemen, but our own doughfaces and traitors, then, I say, we ought to wear visible and actual chains of political servitude, and be handed over to perpetual bondage [Cheers and laughter]

VERMONT —One of the Green Mountain delegates at Philadelphia wrote home as follows

" We tell them that the land of Old Ethan is good for 20 000 majority on any man the Convention will nominate, and that there won't be Buchanan men enough left for guide posts"

OHIO Judge Hoadly said Ohio would give *one hundred thousand* majority for Fremont and Dayton

FIRE-WORKS FOR THE FOURTH OF JULY —Our approaching National Anniversary being decidedly suggestive of Fireworks, we would with pleasure refer all patriotic citizens to Mr. James G. Hovey's advertisement in another column As his Pyrotechnical Laboratory is the oldest establishment of the kind in the New England States, and his works unsurpassed for beauty and brilliancy, we would recommend all interested to send him their orders.

Impromptu on hearing that *Fremont* and *Dayton* were nominated for the Presidency and Vice Presidency by the Republican Convention

If—in a Presidential fight
Some shout for "BUCK" and "BRECK,"
And—"loving darkness more than light,'
Our liberties would wreck,—
We go for JUSTICE, free and fair,
And, with one voice would say,
While our rejoicings fill the air,
Huzza ! for "FREE" and "DAY !"

CALAIS BANK bills are now received at the Suffolk Bank, Boston.

The Difficulty with England.

The arrival of the Havre steamer, which left Southampton on the 4th inst., has put us in possession of the leading London journals to that date, from which we can form a tolerably accurate opinion of the effect which the positive announcement of the dismissal of Mr Crampton and the three Consuls will have upon the British public, and the course which will be pursued by the ministry when the event is officially announced The certainty of it had already been received, but without the dispatch of Secretary Marcy, giving the reasons in full for sending back the offending Minister. The worst and most irritating part of the news has reached them without the soothing and conciliatory explanations of our Secretary, and it has not produced any acrimonious or belligerent feelings, if we can accept the tone of the London Press as a correct indication of the popular sentiment, and when it shall be found that on the entanglement question we have no longer any cause of quarrel with the British Government, and that Mr Crampton was sent back on purely personal grounds, we have little doubt that there will be a perfectly satisfactory feeling, and that immediate steps will be taken for the re-establishment of diplomatic intercourse —*New York Times*

We have copies of Galignani's (Paris) Messenger of latest dates (for which we are indebted to Capt William A Cooper,) in which are copious extracts from the British Press upon the American difficulties From the tone of these extracts we perceive that the most obnoxious feature of the complication, in British eyes, is the recognition of Walker's government in Nicaragua while it was yet but a filibustering movement. The English people understand well enough that the fixed policy of the United States is to recognize all governments *de facto*, as soon as they are really and firmly established—and with this Englishmen find no fault But in the case of Walker, they complain with a strong show of truth that Pierce's administration hastened to recognize his government before it was by any means established, and simply because the filibusters of the United States *demanded* its recognition in order to induce a powerful emigration to Walker's aid

In regard to the question of war, we feel that there is no immediate danger We regard it as in fact dependent upon the result of our Presidential election If Buchanan, should be elected, there will be great danger of war—for it will be regarded as an endorsement and adoption by the American people of the filibuster and intervention doctrines of Soule, Sickles, Buchanan, & Co as well as of the Jefferson Davis element of Pierce's Cabinet, which prevailed in Walker's recognition Such an endorsement might drive the English people to war, as a desperate measure.

New Publications.

RACHEL AND THE NEW WORLD, Translated from the French of Leon Beauvallet New York Dix Edwards & Co To be had of Phillips, Sampson & Co Boston

Monsieur Raphael Felix did not make a fortune out of his North American engagement for *Mademoiselle* Rachel His agreement to pay her $1,200 000 francs for the tour, and the expenses of the troupe, much more, was a magnificent programme, but unfortunately he knew nothing about managing such an enterprise in the United States, and still more unfortunately, the moral character of his actress was too much of a damaged article for her to have a run like that of Jenny Lind She touched the fancy of many, but could never reach the heart of our people. While the Nightingale's Concerts in New York produced 1,395 509 francs Rachel's brought in but 512,000 francs, and in Boston the difference in proportion was much greater Rachel carried away some $20,000 or $30,000 only, after paying heavily for medical attendance and other extra expenses, and this is much larger sum than should have been bestowed upon a woman of her character The book under notice is an amusing recount of her trip to the United States and Cuba, and will be read with interest

LABOR FAILURES ABROAD —M Place, the French banker and speculator, whose failure for 18,000,000 francs has lately been noticed, has but few creditors

The firm of Nye, Brothers & Co, of China, according to the London Times, will make a very unfavorable show for their creditors The liabilities are declared to be about $3 500 000, and the assets valued at $1.500 000 About $1 700,000 is due to Chinese merchants. It is even feared that the assets will not turn out as much as the present valuation

SHOCKING ACCIDENT —On Saturday last, a boy named William Harris came to his death in a most shocking manner in the engine room of the File Factory at Stamford, Conn He was sitting on a stool near the fly wheel, and the engineer had occasion to leave the room, but had not been absent more than three minutes when he heard an unusual thumping noise Supposing that some of the shafting had broken, he sprang to the valve and shut off the steam To his horror he saw the body of the boy revolving around the main drum The head had been torn off and lay at one side of the room, and his body was terribly crushed and mangled.

A young man was well nigh being ruined by a legacy left him a few years since by his father. It was $25,000, and the career he ran in Chicago, the fastest town in America, made him a pauper, and a miserable broken down loafer, who was, from a liberal sowing of wild oats, reaping a most abundant crop of repentance In this mood and tense it was announced to him that a deceased uncle had left him $30 000 "Oh, dear " was his exclamation, have I got to go through all this again ? It'll kill me just as sure as shooting It is no use to fight fate—they're bound to ruin me !

LOLA MONTES WHIPPED BY A WOMAN —The Ballarat Times of March 3d, contains an account of a whipping at length administered to this terrible whipper, by one of her own sex Lola Montes was engaged to perform at the Ballarat Theatre, for Mr. Crosby She quarreled with him about accounts, abused him, and was then set on by his wife Mrs. Crosby broke a whip on her opponent, and then seized Madame by the hair—the rest may be imagined. The Ballarat Times says that Lola Montes will not be able to appear for a long time on the stage.

ORTHOGRAPHICAL. — A shoemaker received a note from a lady to whom he was particularly attached, requesting him to make her a pair of shoes, and, not knowing exactly the style she required, he despatched a written missive to her, whether she would have them "*Wround or Seq toad.*" The fair one, indignant at this fine specimen of orthography, replied "*Knitcher*"

Words of Truth and Soberness.

A venerable Whig correspondent, of the *Boston Transcript* concludes a recent article as follows

If there ever was a *delenda est Carthago* case since the days of the old Roman, it is now before the world It is the solemn duty of every patriotic citizen to set his face as flint, against the *conspiracy*—such is the Bentonian word—of Southern slaveholders, and Northern apostates, to extend the area of slavery one inch beyond those limits already disfigured and blasted by its loathsome presence.

It has been related by George Whitefield, that, while in the pulpit, he once bawled to father Abraham, and, looking aloft, inquired, if there were any Roman Catholics in heaven, and, pretending to receive an answer in the negative, repeated his inquiry, as to every other sect, by name, and received a similar reply. "Why, father Abraham," said he, "what is the meaning of this—are there no saints in heaven ? —"To be sure there are," replied the patriarch, "and mansions for many more, but we know nothing, in heaven, of all those terms of distinction, with which you perplex yourselves on earth "

Now, if there is such a thing, as a political heaven—in which case, I fear it will be said, though many are called yet few are chosen—who can suppose that candidates will be accepted, under the denomination of hards, or softs, or whigs, or freesoilers, or any other fancy name? *Patriots* alone will be admitted there. And, if I thought either Pierce or Douglas would be admitted, I should certainly exclaim, with the boy who was assured that his ill-natured grandfather was in heaven—"then I don't want to go

There are certainly several political parties, so reduced, that it is to be regretted, they could not, like George Colman's two single gentlemen, be "rolled into one" Why will not the Whigs, instead of wasting their powder, devise some plan whereby it may benefit the common cause ? We have all heard of the man who assigned as a reason for not weeping at a very touching discourse, which moved all others to tears, *that he belonged to another parish* I trust our friends, the Whigs, will find some shrewder reason for refusing to put their shoulder to the wheel, in the present emergency I speak with some feeling on this topic for I was born a federalist, some seventy summers ago, and bred in that faith, and became a Whig during the period of our nominal transubstantiation, and have never voted but with the Whigs.

It really makes me feel melancholy to see how we have shrunken ! Our annual demonstrations begin to resemble those of the Continentals, who favor us, now and then, with a parade, which, at best, is a feeble representation of what has been If there ever was a time, for all good men and true to cast the shibboleth of *party* to the dogs, it is *now—to day*—while it is yet to day—for if we bother our heads with petty political distinctions, much longer, instead of combining, for the common good, the days will draw nigh, in which we shall truly say—"*we have no pleasure in them*" Of all the perils enumerated by Paul, there are none so deeply to be deprecated, as the perils of one's own household

It has been whispered that some people can go for Buchanan and discard his platform —Impossible · *Not being simply James Buchanan, I must square my conduct with the* DEMOCRATIC PLATFORM ! Who can get over that?

Flour from new wheat made its appearance at New York, Thursday, being two days earlier than for either of the last five years. It was ground from Georgia wheat, and was offered on Change at $10 50 per bbl The wheat (50 bushels) was sold on Tuesday at $2 per bushel

RESPONSE TO THE NOMINATION —Sixty two guns—two for each State—were fired on Biddeford Heights, yesterday, responsive to the nomination of Col J C FREMONT for the Presidency at the Philadelphia Republican Convention —*Biddeford Journal*

"Mamma, exclaimed little Willie, "did I ever have the *Catechism* ? He thought it was a new complaint but it is an old one, especially with children

THE TELEGRAPH CABLE—One half of the great marine telegraph cable, which is to stretch across the Atlantic ocean, left London on the 24th of May, in the ship Southampton, bound for this port —*Boston Times*

ONE SUFFICIENT Rogers relates that he once dined with Curran in the public room of the chief inn at Greenwich, when he talked a great deal, and, as usual, with considerable exaggeration. Speaking of something which he would not do on any inducement he exclaimed vehemently —"I had rather be hanged upon twenty gibbets "

"Don't you think, sir, that one would be enough for you ? said a girl, a stranger, who was sitting at a table next to him I wish, says Rogers, you could have seen Curran's face. He was absolutely confounded—struck dumb

Jim Myers to the Public.

A report having been put in circulation, through the medium of malicious and interested parties that M'lle Louise the young lady who daily makes the grand ascension upon a single wire in front of Jim Myers' Great Show, had fallen and injured herself, the proprietor in publicly proclaiming the heartless falsehood of the whole story, and his contempt for its vile authors, feels impelled by a sense of duty to expose the base motives which instigated the slanderous rumor, The mean falsehood had its origin in one of the hangers on of a rival establishment, who, envious of the well earned popularity and unprecedented patronage lavished upon Jim Myers' establishment, sought to injure it by spreading the report that one of its conspicuous attractions had been destroyed It affords Jim Myers great pleasure in announcing the perfect health of M'lle Louise, and that although she has performed her astounding feat daily since the commencement of the season, besides having on previous occasions repeatedly walked across some of the principal streets in Paris at an elevation of 100 feet from the ground, she has never yet fallen off her wire, or sustained the slightest injury from accident of any kind.

And furthermore, Jim Myers has the only show where Cinderella is performed—the only place where a man walks the ceiling feet up and head down—the only exhibition where outsiders can witness a lady make an ascension on a wire 60 feet from the ground—and, in fact, the only "Great Show" in the country, and the only one that performs all it promises in its bills

Persons living at a distance from town are respectfully notified, that M'lle Louise will make her grand ascension in Bangor on Thursday and Friday, July 3d and 4th, at precisely half-past 1 P M, outside the Pavilion of Jim Myers' great show, walking upon her single wire a distance of 200 feet, and to an elevation from the ground of sixty feet, provided the weather is not stormy

Congressional.

WASHINGTON, June 23.

SENATE—Mr Fish presented a letter from Geo Sumner, brother of Senator Sumner. It states that the impression which might be drawn from Dr Boyle's letter, that the latter was dismissed from his attendance upon Mr. Sumner on account of the character of his testimony before the House committee, was unfounded as he did not know at the time when Dr Boyle was dismissed what his testimony before the committee was. Senator Sumner was suffering from high fever, with his pulse at 104 and Dr Perry being willing to take charge, Dr Boyle's services were no longer required.

Mr Toombs gave notice of his intention to introduce a bill to take the census of Kansas, to protect the exercise of the elective franchise in that territory, and to provide for calling a convention to frame a Constitution preparatory to the admission of Kansas into the Union.

His bill would provide for the registry of all male inhabitants over 21 years old as legal voters, and for the admission of Kansas as soon as practicable—the election of delegates to frame a constitution to go on as soon as the real inhabitants are ascertained. He would have the election on the 4th of Nov a day when the Presidential election would prevent outsiders from interfering. To protect the freedom of the ballot boxes he would have five commissioners appointed by the President to arrange the enumeration, representation, &c.

The ruffians having driven a great part of the free State men out of the Territory, Mr Toombs' bill is a trick of making the remainder voters, excluding those who go into the Territory hereafter before the election and leaving the ballot boxes to the protection of Frank Pierce? Is that it?]

This week being set apart for territorial business, the bill to authorize the President to have the southern line of Kansas surveyed was passed.

Mr Wakeman gave notice of intention to introduce a bill amendatory of the act of 1818 prohibiting the introduction of importation of slaves—[We give the paragraph as it comes.]

Mr Wilson explained the error in the Globe report of his speech, of which Mr Butler had complained. It occurred from his being absent and not reading the proofs. The error was not in the uttered remarks.

Mr Evans replied to Mr Sumner's remarks on South Carolina vindicating her revolutionary history and defending her "domestic institutions."

HOUSE.—A bill authorizing the people of Oregon to form a Constitution and State government was considered. It is the same as that heretofore passed by the House, but lost in the Senate for want of time.

Mr Jones of Tenn, proposed an amendment requiring Oregon to have a population equal to the ratio of representation established under the last U S census.

A debate ensued, involving the question whether such a restriction should be imposed on new States. Adjourned.

Republican Ratification at Boston.

BOSTON, 23d.

A grand ratification meeting was held in Faneuil Hall to-night, by the Republicans of this city and vicinity, to endorse the nominations of Fremont and Dayton. Delegations were present from some of the neighboring cities and towns. Bands of music were in attendance and the office of the Chronicle newspaper and the head quarters of the Fremont Club were illuminated. Rockets and other fireworks were freely used, and a great deal of enthusiasm manifested.

Faneuil Hall was packed at an early hour, and at 8½ o clock the meeting was called to order by Hon J Z Goodrich. Hon John S Tyler presided with Hon Franklin Dexter and others as Vice President. Secretaries—J D Baldwin, Thomas M. Brewer, and Robt. C. Nichols.

On taking the chair, Gen Tyler referred to the present state of affairs in the country, saying that it was demanded the holding of meetings of the people as much now as in the days of Bunker Hill. He claimed that he himself was an old line Webster Whig [tremendous cheers.] He considered that in the coming campaign men must be disregarded, looking solely to principles. Yor success.

He then introduced Hon Thomas G Elliott, Chairman of the Massachusetts delegation to Philadelphia.

Mr Elliott esteemed it a high honor to stand upon the rostrum of Faneuil Hall as Chairman of the Massachusetts delegation to render an account of his stewardship to his fellow citizens.

He gave a short account of the causes which necessitated the calling of the Convention—animadverting severely upon the present administration saying if the policy now pursued by our government should prevail in the future our loved republic would soon be a by word, a reproach a hissing and a scoffing. (cheers

In relation to the manner of the nomination of Fremont he claimed great magnanimity for the New York delegation in resigning their claims to put their favorite son, Wm. H. Seward in nomination.

Three cheers for New York.

He also paid high compliments to the Ohio and Illinois delegations.

He said that a party, such as we are, coming from so many different schools of politics, and brought together by a common cause were compelled to take a man for a leader, who would not create any new internal troubles. In support of the nomination he cited the nomination of Col Washington over older officers in the revolution, to lead the patriots to victory—He was an Engineer, a civil Engineer—(great cheering. Just so in regard to the next President—we have nominated Col. Fremont an Engineer a civil Engineer, to lead us to victory in the coming campaign.

Mr E. then referred to the nomination of Vice President, and said when the Convention came to that duty, then it was the Massachusetts delegation who had to say hands off—There was Charles Sumner (Nine cheers)—There was Henry Wilson (Cheers) Massachusetts told the Convention that she wanted Charles Sumner and Henry Wilson where they were (Cheers) That Sumner occupied a better post in the Senate, whether standing erect in all the dignity of manhood, or cowardly prostrated on the floor—that Banks could do more for freedom in the Speaker's chair, than a nominee for the Vice Presidency.

Henry Wilson declined manfully in person, and when the time came for the nomination, Wm. L Dayton received it unanimously.

Judge Hoar was next introduced and gave a graphic account of the proceedings of the Convention.

Resolutions were adopted endorsing the nominations with the utmost enthusiasm.

Hon Hannibal Hamlin was then introduced, and received with a perfect storm of cheers.

A large crowd unable to get within the Hall, were addressed by various speakers from the steps of the Market.

Washington News.

WASHINGTON, 23rd.

The Sentinel will not be issued to-morrow It is said to be either sick or dead from neglect of certain friends, who so ardently supported it immediately previous to the nomination of Mr Buchanan.

Mr Keitt was prevented from replying to Mr Burlingame to-day, owing to the debate in the House being strictly confined to the sectional business, and an objection being raised by his political friend Richardson.

LATER FROM EUROPE.—ARRIVAL OF THE ATLANTIC.

Attempt to Assassinate the Queen of Spain.

NEW YORK, June 22 The steamer Atlantic, Capt. Eldredge, arrived at this port at about 11 o'clock this evening She brings Liverpool dates of the 11th

She has about 80 passengers, among whom is Millard Fillmore, in honor of whose arrival salutes have been fired from the Collin's dock and battery.

The English public were still without official notice of Crampton's dismissal, but regarded it as a fixed fact, from positive but unofficial statements of the fact taken out by the Asia—It, however, created little excitement. The London newspapers all have editorials on the subject, and generally argue that as the case is a personal one, there is no necessity to send Dallas away. The Times continue to exhibit bitterness towards the United States. The Daily News wonders aggressive America should cite the annexation of India as a palliation of her own propensities, India being an entirely exceptional case.

The Morning Chronicle thinks it cowardly to make a scapegoat of Crampton. The London Star, the organ of the Manchester party, thinks it perfectly absurd to go to war to avenge the dignity of Crampton, and ridicules the idea

An attempt on the life of the Queen of Spain is reported. A young man presented a pistol at her, but was immediately disarmed

Parliamentary proceedings generally unimportant. The bill altering the Parliamentary oath so as to admit of Jews taking it, had been passed by the House of Commons

It is estimated that the inundation in France rendered 40 000 people houseless, and 100,000 thrown out of employment. Notwithstanding the flood, it was hoped the corn crops would not be much below the average.

It was reported in Berlin that Prussia and Sardinia both demanded to be admitted into the committee for the reorganization of the Danubian Principalities, and that the demand had been acceded to

It is stated that the Austrian government had resolved to erect the the Lombardo Venetian provinces into the kingdom of Upper Italy

Arabia is still in a state of insurrection, refusing to longer recognize the rule of the Sultan

More Turkish outrages against Christians are reported.

Crimean letters to May 31 mention the report that 70 000 masons are to rebuild Sebastopol after the departure of the Allies.

BREADSTUFFS—Dearer, Wheat 2d a 3d per bush, Flour 6d a 1s per bbl, and Indian Corn 1s a 1s 6d per quarter advance over last week's quotations, but only a moderate amount of business was done at the advance

SUDDEN DEATH.—Deacon Benj. Ilsley, an old and highly venerated citizen, died suddenly yesterday afternoon, during service at the Federal street Baptist Church. His head was observed to hang one side by those near him, supposed in a fainting fit. He was immediately taken out of the church, and died without a struggle. His age was eighty-six.—*Port Adv.*

SPECIFIC

Homœopathic Medicines,

......FOR

Families, Travelers, and others

THESE Medicines have been carefully prepared with a view of supplying families and others with *Specific Remedies* against the more common diseases which occur in every day life The list includes not only remedies for all the more common diseases such as Coughs, Colds Headaches Derangements of the Stomach, Fever Worm Complaints, Diarrhœa, but also for those more sudden and violent diseases which require to be met on the spur of the moment such as Cramp Cholera Dysentery, Inflammation &c for whose treatment it is very important always to have the proper remedies on hand There are also remedies for those more delicate Female derangements which a lady finds it so difficult to disclose, but yet a freedom from which contributes so much to the happiness and enjoyment of life

These Medicines are prepared in the form of large Sugar Pellets, one of which is sufficient for the largest dose and put up in boxes properly labelled Each box contains 30 or 40 Pellets and 15 boxes for the different kinds are enclosed in a case, accompanied with a small Manual or Book of Directions giving a concise description of the diseases treated and directions for giving the medicines, diet &c, necessary for a cure Cases, also, containing four or six of the small boxes are put up which may be supplied with any of the different kinds at the option of the purchaser

The advantages of Specific Homœopathic Medicines—In prescribing other Homœopathic Medicines a dozen or twenty will be recommended for a cough, a headache diarrhœa or fever and much care, study, and discrimination is required to select the proper one But here you have a Specific Remedy for each particular disease and hence are able to use them with benefit and precision without that labor and study which the business man is scarcely able to bestow and without which the search and examination which, to the most unlearned or invalid, is so perplexing annoying, and unsatisfactory The advantages are so obvious as to commend them to all

JOE PENTLAND'S

CIRCUS!

Numbering 150 Men and Horses!

By far the Largest and most Perfect Establishment that will be exhibited in the Eastern States this season!

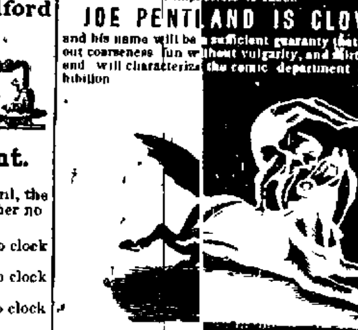
NEWLY equipped and greatly augmented for the year 1856, it is confidently believed, will be found to present a combination of novel and attractive features which will more than sustain the high reputation which it has attained in former years. Now, as heretofore the management will endeavor to deserve success by giving the public a full equivalent for their money, and performing even more than they promise, thinking a well deserved popularity honestly gained by fair proceedings much more desirable in the end than any mere temporary advantage which may be obtained by resort to clap trap and humbug In short, having received the appellation of the

Model Circus of America!

They are resolved to maintain it by giving performances which it shall be impossible to excel.

JOE PENTLAND IS CLOWN,

and his name will be a sufficient guaranty that wit without coarseness fun without vulgarity, and Mirth without end will characterize the comic department of the exhibition



JOE PENTLAND'S CIRCUS WILL EXHIBIT
At BANGOR, on STATE Street,

Thursday & Friday, July 3d & 4th.

July 3d two Performances, at 2 and 7, P. M. Doors open at 1½ and 6½.

July 4th THREE GRAND REPRESENTATIONS commencing at 10 A. M., 2 and 7 P. M., the doors being opened half an hour previously.

ADMISSION, - - - - 25 CENTS.

Prominent among the great troupe of

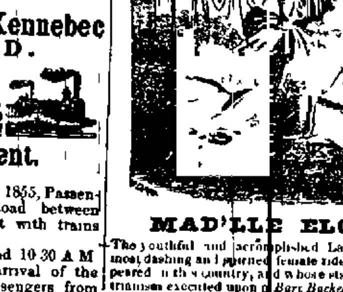
STAR RIDERS AND GYMNASTS

Attached to this establishment will be found the well known names of

HERNANDEZ,

THE GREATEST OF LIVING RIDERS!

Who has just returned from a protracted tour throughout Europe and who, in all the capitals of the Old World as throughout the length and breadth of North America is universally acknowledged to excel in grace, daring and skill any equestrian who has ever appeared before the public The enthusiasm excited by his extraordinary feats in London and Paris, was positively without parallel and now in the reappears in his native land after an absence of seven years, he will doubtless meet with a reception which will remunerate the management for the vast expense they have incurred in securing the services of this incomparable artiste.



MAD'LLE ELOUISE,

The youthful and accomplished Lady Equestrian the most dashing and graceful female rider who has ever appeared in this country, and whose star ling acts of equestrianism executed upon a *Bare Backed Steed* have gained for her the undisputed title of FAIRY QUEEN OF THE ARENA

THE NICOLO FAMILY,

From the Gymnase Comique and Cirque Olimpique, Paris the Theatre Royal Drury Lane and Astley s Amphitheatre London beyond doubt the most versatile and accomplished gymnastic performers upon earth A full description of the wonderful feats of these artistes would occupy more than the entire space devoted to this advertisement—there is only room to state that for originality, classic elegance, and perfect execution they surpass anything of the kind ever witnessed upon this side of the Atlantic

MR. S. P. STICKNEY,

The unequalled Four and Six Horse rider the best in the world, is also included in the troupe, together with a host of

Scene Riders, Trick Riders, Tumblers Acrobats, Posture Masters, Equilibrists &c, &c

Too numerous to particularize by name

A JUVENILE TROUPE

Of Infantile Performers is included in the array of talent attached to the company and the performances of these prodigies of equestrian and gymnastic skill form one eminently novel and attractive feature of the entertainments

The Brilliant Performances

Given by this Troupe include every imaginable variety of *Daring and Extraordinary Acts of Horsemanship, Wonder Inspiring Gymnastic and Acrobatic Feats Comic Equestrian Burlettas, Miracles of Sagacity by Trick Horses, Educated Ponies, and Performing Dogs*

The company on entering town on the morning of the day of exhibition will make a GRAND PROCESSION through the principal streets, headed by the

GORGEOUS MUSIC CAR,

Devoted to the conveyance of the

WASHINGTON BRASS BAND,

Led by the celebrated composer and conductor, Sig Korr

As any quantity of superfluous gas has and is still escaping from minor and inferior establishments we deem it unnecessary to give brief sketches of the unequalled performers attached to this establishment but say that we have the best Clown in America JOE PENTLAND, who in off hand repartee, ardastic humor exuberant wit exquisite polish classic attainments, fastidious taste, and inexhaustible originality—rare qualities in clowns—has no equal His bon mots, wise innuendoes, and witty sayings, have been set to music by his brother merrymen in all parts of the country A discriminating public will be pleased to have the assurance of the exclusion of the vulgarity, ignorance and often indecency, with which the important department of clowning is unfortunately sometimes disgraced

We have the best Single Rider in America
We have the best Female Rider in America
We have the best 4 and 6 Horse Rider in America.
We have the best Scene Rider in America.
We have the best Acrobats and Tumblers in America.
We have the best stud of Horses and Ponies in America

We have beyond dispute the best exhibition in America and we have the company that performs all it advertises which is the most remarkable feature in the equestrian business in America

N B—The unparalleled success of our Sewing Machines has induced several fraudulent imitations of them besides numerous infringements of our patents—of which we own sixteen Suits for the infringement of our patents have recently been decided in our favor in the U S Circuit Courts in New York and New Jersey In these suits the great principle of *Holding down the Fabric to be Sewed to the Surface of the Machine by a yielding pressure*, which is used in all Sewing Machines—has been fully established The Wheeler & Wilson and the Grover & Baker Sewing Machines as we allege each infringe three distinct patents owned by us We have suits against them in several of the U S Courts which will soon be tried We hereby caution the public not to buy any infringing Machines, as they can be compelled by law to stop using them, and to pay costs and damages

ARNOLD'S COMBINED

FOOT-STOVE, LANTERN,

....AND....

NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather and will be found to be an indispensable article in traveling It is heated by an oil, alcohol, or fluid lamp the flame of which is protected from every external object

As a LANTERN it answers all the usual purposes, and is less likely to be overset or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, beside giving the light desired, and for cooking in small quantities For making tea, &c, it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heat in the same length of time.

In fact, the various purposes to which this neat apparatus can be put may be readily conjectured by every one No further description is required, as no one can misunderstand its general utility To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves

THE GREATEST MEDICAL DISCOVERY Of the Age.

Dr KENNEDY, of Roxbury has discovered in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUMOR;

From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples on the face

Two to three bottles will clear the system of biles

Two bottles are warranted to cure the worst canker in the mouth and stomach

Three to five bottles are warranted to cure the worst case of Erysipelas

One to two bottle are warranted to cure all humor in the eyes

Two bottles are warranted to cure running of the ears and blotches among the hair

Four to six bottles are warranted to cure corrupt and running ulcers

One bottle will cure scaly eruption of the skin

Two to three bottles are warranted to cure the worst cases of ringworm

Two to three bottles are warranted to cure the most desperate case of rheumatism

Three to four bottles are warranted to cure the salt rheum

Five to eight bottles will cure the worst cases of scrofula

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken

Reader I peddled over a thousand bottles of this in the vicinity of Boston I know the effect of it in every case So sure as water will extinguish fire so sure will this cure humor. I never sold a bottle of it but that sold another after a trial it always speaks for itself There are two things about this herb that appear to me surprising first that it grows in our pastures in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor

In order to give some idea of the sudden rise and great popularity of the discovery I will state that in April 1853, I peddled it and sold about six bottles per day—in April 1854 I sold over one thousand bottles per day of it

Some of the wholesale Druggists who have been in business twenty and thirty years say that nothing in the annals of patent medicines was ever like it There is a universal praise of it from all quarters

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles O what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have

I know of several cases of Dropsy all of them aged people cured by it For the various diseases of the Liver Sick Headache Dyspepsia, Asthma Fever and Ague Pain in the Side Diseases of the Spine, and particularly in Diseases of the Kidneys &c the discovery has done more good than any medicine ever known

No change of diet ever necessary—eat the best you can get and enough of it

DIRECTIONS FOR USE—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years tea spoonful As no directions can be applicable to all constitutions take sufficient to operate on the bowels twice a day

The Principal Office for the State of Maine and the British Provinces is at the Drug and Medicine Establishment of H H HAY 15 & 17 *Market Square Portland Maine* to whom all orders should be addressed Sold by respectable Druggists throughout the United States and British Provinces
